1 Overview

BUtil is an internal used library within the BMW Platform Software Modules (BAC and aBAC). External software shall not use the library directly. The interfaces or features may be removed from one to the next release.

Purpose

The BUtil library contains some general purpose functions commonly used by other modules like Dlog, Prog and Bm. It is used in Application, Bootloader and Bootmanager.

The Goal of this library is not to provide a general propose solution for external software, but only for the BMW Platform Sofware (BAC and aBAC). You shall not directly use this library.
